ARTIST INVITATION & AGREEMENT

Dear Artist:

We cordially invite you to participate in this year's Prayers from LA, Art & Performance Benefit Festival at Casa0101. We believe that your participation is important and pertinent to the collection, exhibition, and documentation of these works, these events, and this movement. If you would create a work that reflects what you are most concerned with in this day and age, we believe we can bring together a strong encompassing group of works.

We ask that you represent your voice this year. What are your *prayers*, hopes, dreams, desires, wishes, concerns... for the world today? Share and exhibit your miniature *prayer* art piece this year.

"Some of us practice *prayers* day to day as a spiritual summoning composed of spoken word, altars and incense, some practice through mediation, and for others it's just being able to visually articulate expressions of hope, love and peace. In this show, we will refer to the Concept of Prayer as a means to reflect our collective ties and social concerns in the world, in our society, community, our humanity." – Margaret Garcia

We invite you to join this movement of "prayers" and come together, put egos aside, speak with each other through our artwork in a manner that cultivates positivism and community building. Let's show each other, and our oppressors our humanity while we protest in this artful and heartfelt way. Show what you are for, what you support, what you love... Come join us. Help us bring something special to the community, to support local artists and vendors, and to support the cause. Help us create a beautiful, holistic documentation and publication of the group of works represented by joining us with your art piece(s).

We would like to extend our invitation to you to come share your thoughts, concerns, and visual expressions in your medium of choice, to exhibit at the Jean Deleage Gallery at Casa0101.

Dimension requirements: Art pieces must be on the mini/small side of the scale. We don't like to place strict limitations on our participants and just ask that you be mindful – mindful of the themes and that it is an inclusive exhibit: you will be sharing the wall space, spectacularly, with other artists. The usual suggestion is that "prayer" art pieces stick to being about the size of your hand. Emphasis on intimate, smaller pieces.
